## Working with our partners

Avanti West Coast works with Transport for Wales and Network Rail through the North Wales Local Railway partnership to improve customer outcomes. **Two thirds of delays** on the West Coast Mainline are as a result of infrastructure issues and other external factors so it's really important that we work in collaboration to find solutions, innovate and adapt as best we can to deliver better outcomes.

## Supporting local businesses

We source food and drink locally along our route, to cut our carbon footprint and spotlight the business at the heart of our communities. The Pudding Compartment, a bakery in Flint, has provided over seven million individual items for customer to enjoy.

As a result of their popularity, the team has grown to **10 times its size**.

## Working with communities

We help fund the Conwy Valley & North Wales Coast Community Rail Partnership to strengthen community ties with the railway, including projects like Rails to Trails that use guided walks to improve mental health and wellbeing.

## Supporting tourism

We work with Go North Wales and Marketing Cheshire to drive leisure travel, including visits to regional attractions such as Chester Zoo and Eryri National Park.

## Social Value

We have created **£1bn** in social value from 2022–2025, through our purpose-led initiatives, such as Feel Good Field Trips.
